

printed towels

If you would like to create an eye-catching design and print it on a beach towel, you can consider rotary flat belt printed towels in which colors stay the same after many washes. You can put your logo, photo or any drawing on it. All Ashok International printed towels are made of 100 % cotton because we believe that only natural is good enough for your skin.

PRINTED TERRY TOWEL reactive printing is suitable for most creative images. Since terry fabric is highly absorbent, these towels are most likely to be used on the beach, at the swimming pool, in sports where we are in contact with water or sweat.

Sizes	10x10"	16x24"	18x36"	24x48"	27x54"	30x60"	32x64"	36x72"	40x60"
