

NYLON YARN acelon

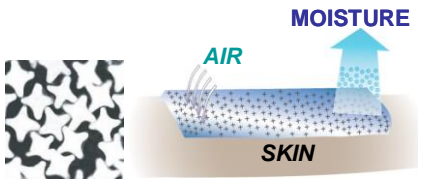

D. Nylon/Polyester Conjugate 尼隆/聚酯複纖維(split type, dpf:0.2d)

DTY	SEMI DULL 	80/32*12, 80/32/2 *12 (*nylon 30%, polyester 70%) 160/64/2*12 (*nylon 22%, polyester 78%)
------------	--	--

E. PP Filament 聚丙烯纖維

ATY	Dope Dyed Colored	660/144
FDY	SD	75/24, 680/120, 800/120

1. Quick Dry (Ace Cool®) 吸濕排汗纖維

Yarn	Type	Item	Feature
NYLON 6	DTY	70/48/1, 70/48/2 	<ol style="list-style-type: none"> “+” shape. quick dry effect sweat absorb and evaporate

2. Cool Yarn (ACEICE®) 冰晶纖維

NYLON 6	DTY	70/48/1, 70/48/2	<ol style="list-style-type: none"> ACEICE® filament is added with cooling powder. Much cooler than cotton, gives you the best choice of "cool" feeling for summer. No more requiring low temperature air conditioning in room. This saves energy and prevent from Co2 emission and good for earth environment.
	FDY	40/34 SD	

3. Anti-Static Yarn (Ace Static®) 抗靜電纖維

POLYESTER	DTY	70/24/1 	<ul style="list-style-type: none"> ● Anti -static electricity ● Electric resistance $10^{6-9}\Omega.cm$ ● Application: Anti-static fabric, Anti-explosion wears, Clean-room garments, Work wears Underwear, Efficient cleansing fabric, Medical textile.
